From your computer, visit the RiverShare website at <http://RiverShare.lib.overdrive.com>; click on Help.

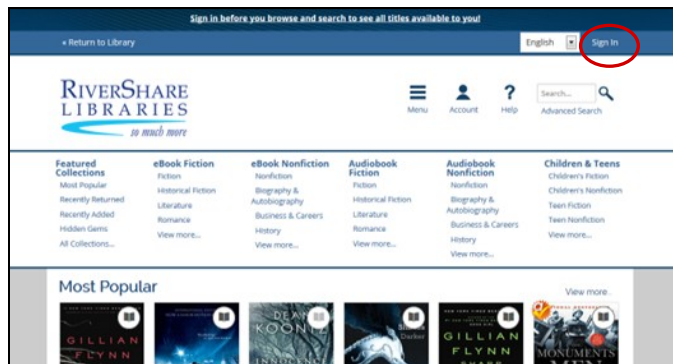

Click on Applications.

Click on Adobe Digital Editions. Download and authorize Adobe Digital Editions. Once you've downloaded and authorized Adobe Digital Editions, you're ready to checkout an eBook.

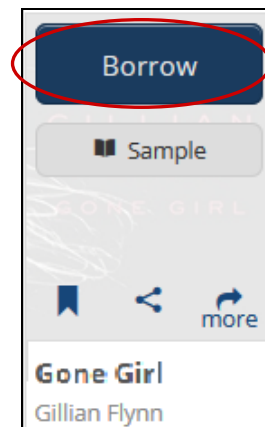

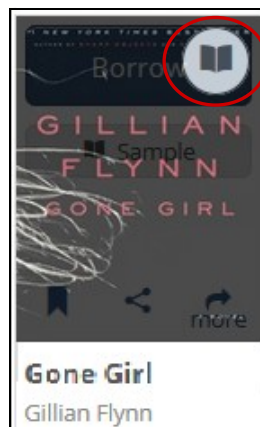

Visit the RiverShare website at <http://RiverShare.lib.overdrive.com>; sign in with your library card.

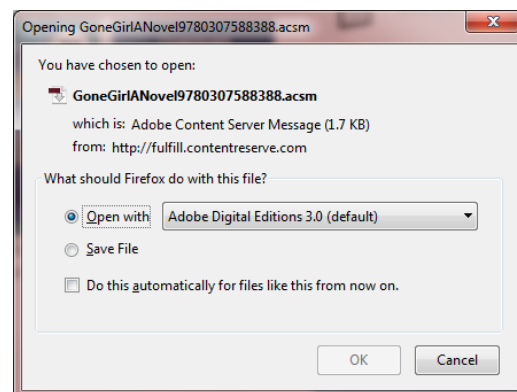

Browse or search for an eBook.

Hold your mouse over a title with a black book icon in the upper right corner of the cover. Click on "Borrow."

(The black book icon indicates a title is available for checkout; a grey book icon indicates the title is checked out. You can place holds on checked out titles.)

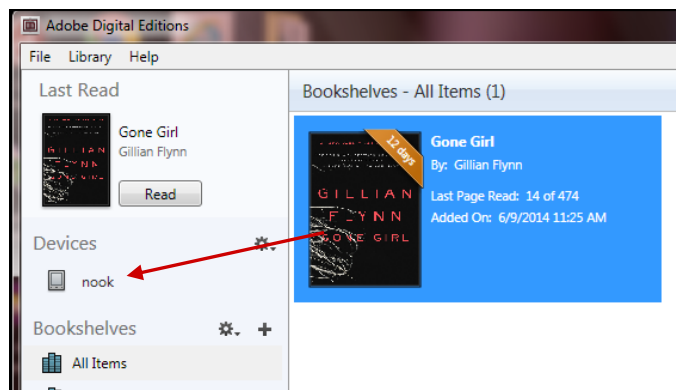

You will be given the option of opening or saving the book. Open it with Adobe Digital Editions. (Your screen may look different depending on your computer and operating system.)

Adobe Digital Editions will open, and the eBook will download.

Once the eBook is downloaded, plug in your Nook (or other eReader device) to the computer. It will show up as a bookshelf in Adobe Digital Editions. Drag the title to the Nook icon, and it will copy the title to your device.

To return a title early, right click on the cover image in Adobe Digital Editions bookshelf. Select "Return Borrowed Items" from the menu.
